Heavier Purchases of E Bonds Needed To Attain Quota

Meeting Today!

An important meeting of the War Finance Committee in charge of the 4th War Loan drive will be held this afternoon at 5 o'clock at the Arlington Five Cents Savings Bank in Arlington Center. All members of the committee as well as the canvassing committee are urged to be present.

Camp Fire Girls Sell War Bonds to Pay for Plane

The Arlington Camp Fire Girls and Blue Birds have joined their national organization in a campaign to buy and sell \$10,000 worth of war bonds, as their goal in the Fourth War Loan drive, so that they may present the army with an ambulance plane on their birthday, March 17.

The plane to be purchased is a C-33, carrying 15 to 20 litters, with a nurse, a staff sergeant and, when necessary, a surgeon. That these planes are serving an important role in the war is evidenced by the fact that more than 10,000 wounded have been evacuated by plane from North Africa, sometimes as many as 400 a day. Medical evacuations from the Pacific area are 100 percent by air.

The two-fold aim of the Pledge-A-Plane campaign, in which all bonds are being purchased in the name of the national organization, Camp Fire Girls, Inc., is to save the lives of fighting men and to establish funds so that the Camp Fire program may be extended to more girls in the future.

POLICE EXAM FOR SERGEANT

The State Civil Service commission this week notified the board of selectmen that an examination will be held March 18 for the position of police sergeant in the local police department. The examination will be open to all permanent patrolmen, including two regular patrolmen who are now in the armed forces.

Another examination for promotion to lieutenant inspector will be given the sergeants in the department next month.

Douglas Heads Citizens' Group

The Arlington Citizens' Committee elected new officers at an organization meeting held last Thursday evening at 673 Massachusetts ave. They are: Fred S. Douglas, chairman; Kingsbury Ryan, J. Stuart Marshall and Roscoe O. Elliott, vice chairmen; Mrs. Minerva Farrow, corresponding secretary; David Nilsson, recording secretary; Harry R. Smith, treasurer; and Felix V. Cutler, assistant treasurer.

Organizations Supporting Arlington Drive—Davis Heads Heights Improvement Association Volunteers — School Children Doing Their Share

With well over \$100,000 in War Bonds sold here during the first four days of the Fourth War Loan drive, Arlington entered the second week of the campaign still a long way from its goal which has been set at three million dollars.

Of this amount, Arlingtonians are expected to buy at least \$400,000 worth of Series E Bonds. Figures released by F. W. Denio, State chairman of the War Finance Committee on Saturday, showed that Arlington had bought \$61,000 worth of Series E Bonds up to that time. One of the main objectives of the Fourth War Loan drive is to see that every wage earner, in a position to do so, buys at least one of the Series E Bonds. In this way, the government hopes that money which would ordinarily be spent on luxuries—thereby encouraging inflation—will be invested in War Bonds to buy necessary war weapons.

Organizations, school children, insurance company employees and volunteer solicitors are combining their efforts to put Arlington "over the top" before the close of the campaign on Feb. 15.

Organizations Helping
At a meeting held Monday evening, the Arlington Heights Improvement Association voted to support the Loan Drive to the fullest extent and authorized the expense of circulating the entire membership in an effort to enlist the support of all members in this nation-wide fund raising program sponsored by the United States Treasury Department. Volunteers from this group are working under the direction of William F. McClellan, president of the Improvement Association. The assistance of other organizations is urgently needed, however.

One of the latest precinct chairmen named is Charles Davis, who heads the volunteer workers in precinct 14. (Please turn to Page Seven)

SEVERAL HUNDRED ATTEND OPENING OF NEW CLUBHOUSE

Several hundred friends of the Arlington Boys' Club attended the formal opening of the new clubhouse, in the building formerly occupied by the Middlesex Sportsmen's Club, last Sunday afternoon. Principal speakers were Bill Cunningham, newspaper writer, and O. T. Gilmore, associate director of the Boston Council of Social Agencies.

During the afternoon guests were given an opportunity to inspect the recreational and educational facilities of the new clubhouse and meet the officers of the club.

Thomas F. Scanlan was chairman of the dedication committee and master of ceremonies for the program presented in the main auditorium. Robert L. Moore, president of the club, Chief Archie F. Bullock, first president; Selectman William C. Adams and Deane W. Moore, executive director, reviewed the progress made by the club since the fall of 1937 when a group of citizens met and made plans for the club which has since enjoyed a membership of as many as 700 in one year. Today, more than 200 members are in the armed forces.

President Moore paid tribute to the wife of Executive Director Moore for the valuable assistance she has given since the club was organized, and invited those present to visit the club when its activities are in full swing to observe how it functions.

Chief Bullock told how the club came into being as an agency to help combat the growing delinquency problem back in 1937. Last year there was a drop of 70 cases of juvenile delinquency, he said.

Selectman Adams paid particular tribute to Chief Bullock, William Shine, who renovated the garage at 4 Swan place to provide headquarters for the club when it was originally started, to Director Moore and President (Please turn to Page Seven)

McCLELLAN RE-ELECTED

William F. McClellan was re-elected president of the Arlington Heights Improvement Association at a meeting held Monday evening at the Park Ave. fire station.

Others elected were: H. M. Beals, first vice president; C. E. Davis, second vice president; J. J. McHugh, secretary and I. W. Smith, treasurer.

The annual report showed the association to be in a sound financial position and receiving the support of residents in the Heights district.

Chairmen of the standing committees will be named at the next meeting Feb. 28.

Mr. McClellan outlined plans for an intensified program of civic betterment and social activities for the coming year.

American Home Day of the Arlington Woman's Club attracted 500 women to Robbins Town hall last Thursday. Mrs. Stanley Kingman presided.

In decorating the stage, Mrs. Levey Shaw, chairman of the art committee, used the title of the lecture "The Ramparts We Watch," given at Swampscott last June, as her motif, with the Church, the Home and the School depicted in an original manner.

Mrs. Frederick A. Bowen, chairman of the American Home committee, was in charge of the meeting. She introduced the special guests.

The principal feature at the morning session was a lecture by Avant, noted stylist.

UNITED FOR VICTORY

... make yours A VICTORY HOME

There Are Cold Days Ahead . . . Save Fuel!

How to SAVE VITAL FUEL
and still KEEP WARM
this winter!

THESE TIMELY TIPS WILL SAVE YOU MONEY

1. Have your heating equipment checked and tuned up; burner adjusted, boilers and flues cleaned, radiator valves changed if necessary.
2. Have your pipes CLEANED so that nothing interferes with the flow of heat or water through them and INSULATED so that they don't waste heat.
3. Lower your thermostat 10 or 15 degrees at night, or when the house is empty, but don't let your house get too cold. Reheating takes a lot of fuel.
4. Make sure that hot-water tanks and pipes are insulated and don't leak. Don't get your water too hot. 140° F. is enough for normal purposes.
5. Clean chimneys at least once a year to make sure they are safe and tight and free from obstruction. Keep dampers shut when fire place isn't in use, to keep in heat.
6. Packing insulation material 3 or 4 inches thick on the average attic floor will cost \$40 or \$50. This will cut down fuel bills, thus paying for itself.
7. Insulation board covers over attic and basement window panes will hold heat inside. The bottom half of such covers can be removed to let daylight in.
8. Install storm windows and doors on the side of the house exposed to prevailing winds. Small "breathing" holes bored in the window frame will prevent steaming.
9. Install wooden or felt weather stripping throughout your house. It is easily installed, available, and inexpensive.
10. Calk or plug up small openings between outside walls and windows and door frames. Brick, stone, and stucco houses usually have these wasteful cracks.
11. Close off rooms which are not heated, thus keeping warmth in other parts of house. Sunrooms with all their window glass are great wasters of heat—be sure to close them TIGHTLY.
12. Window shades and blinds should be pulled all the way down at night. One-third to one-half of your wasted heat escapes through window glass.

On Sunday morning the service will be in charge of the youth of the church, who have chosen Dorothy Alsen, Virginia Hutchinson, Leanna Cox, Robert Foye and Wesley Knorr to conduct the service. The young people's chorus will sing, under the direction of Miss Gertrude Mellen, with Miss Marion Stewart, organist, Donald Philbrick, Alan Philbrick, Albert Hutchinson, and Peter Sword will act as ushers.

In the afternoon sixty visitors from the youth group will visit the other young people of the church. Those arranging these calls are: Dorothy Mellen, Jean Porter, and Doris Webster. How to Buy a Bond

Here's how you go about making out an application for the purchase of a War Bond. These instructions will be of interest to solicitors as well as purchasers because, if followed closely, they will eliminate mistakes and unnecessary changes in the bonds you buy.

They are offered by the Arlington War Finance Committee in brief and easily understandable language:

1. Application should be addressed to the local bank or post office which the purchaser selects.
2. The security purchased will ordinarily be Series E Bonds; other securities are described in the instruction folder. There is no accrued interest for Series E, F or G Bonds. Series E Bonds are issued in the following amounts: \$25.00, \$50.00, \$100.00, \$500.00 and \$1000.00. The issue price is three-fourths of the maturity value or \$18.75, \$37.50, \$75.00, \$375.00, \$750.00 respectively.
3. Registration Instructions: Series E Bonds must be registered and can be issued only to individuals. There are three permitted forms of registration: Individual — John Jones
Co-Owners — John Jones or Mary Jones
Beneficiary — John Jones Payable on Death to Mary Jones
The addresses of all owners should be given in full.
4. Method of Payment and Delivery: Check should be payable to designated bank or to Postmaster, Boston, Mass. Charge to bank account cannot be made by Savings Bank or by the savings department of a National Bank or Trust Company. It is recommended that solicitors do not undertake the transmission of cash to the Issuing Agent. Unless otherwise indicated, the Issuing Agent will hold the bonds until called for or will hand the bond forthwith to the solicitor. If requested bonds will be mailed to the purchaser.
5. Application must be signed.

THE FARMER vs. OLD MAN WINTER

It's 5 a. m. of a snowy, bitter cold Winter morning. Common or garden variety civilians like you and me are still asleep; and when we waken later to the prospect of car chains and galoshes, we'll think we have it tough.

At 5 a. m., the milk farmer is shoveling a path to the barn by the light of a lantern. Huge drifts have blown against the barn doors; he must shovel those, too. The cows must be milked and fed. And getting the milk to the pasteurization plant (and then to you) presents

still more problems. Roads are choked with snow; even car chains prove ineffectual. Bus service is crippled. Trains run late. But the milk always gets there.

Hard enough in normal times, the milk farmer's job today is doubly hard. Overworked and underpaid, he's waging a one-man war against two tough adversaries: Old Man Winter and wartime help shortages. If he can fight that battle and win, surely we can help by sharing fairly the milk he is able to produce.

The News assumes no financial responsibility for typographical errors in advertisements, but will reprint that part of an advertisement in which an error occurs.

VICTORY DEPENDS UPON YOU

This is a critical hour in the history of our country and it is up to us as Americans to realize that we must assume our full responsibility in making possible victory for the Allied cause in 1944.

The 4th War Loan drive is in full swing and many individuals and organizations are wholeheartedly behind the effort to raise Arlington's quota of \$3,000,000 before the campaign ends on February 15.

The War Finance Committee in Arlington, believing the 4th War Loan to be of paramount importance, has invited the service clubs, the American Legion, the Veterans of Foreign Wars and other leading organizations to supply workers and take a definite responsibility in making the campaign successful.

There are, however, certain individuals and organizations who are altogether too complacent and are too willing to let someone else do the job. It is absolutely unpatriotic and un-American for any organization or individual who can do so to refuse to cooperate in this War Loan drive. Our very existence depends upon it. Our boys are giving their lives for us. We must supply them with the essentials to carry the war to a successful conclusion.

There is no assurance that we can meet our quota in Arlington unless every one of us assumes full responsibility for reaching the goal set. We enjoy certain rights as citizens but we cannot tolerate organizations that are functioning as pressure groups to further their own selfish interests.

The call for action is now. We must not fall those on the firing line who are depending upon us to speed the day when they may return to their homes and families.

Arlingtonians who are able to give some time to the 4th War Loan campaign are urged to call at the local drive headquarters in the NEWS office, 637 Massachusetts ave., where they will receive instructions and materials. They will be assigned to territory in their own precincts.

"ZIP YOUR LIP—SAVE A SHIP"

Safeguarding war information of value to the enemy has always been important.

But now that we are on the offensive, security of war information has become a particularly vital part of our fighting strategy.

Practically every one of our attacks depends largely on the element of surprise.

Preparing for these attacks involves millions of civilians in this country. Hence, the time, place, and nature of hazardous attacks may be at least inferred by millions of civilians.

Therefore many Americans in their daily work and daily living are, in effect, trustees of vital military secrets our enemies are trying hard to learn by relying on the very human urge of Americans to talk.

To save lives and shorten the war, it is essential that Americans realize why they must make renewed efforts... especially now... to think before they talk.

WHAT STARTED INFLATION?

Despite the efforts of President Roosevelt and New Deal propagandists to shift responsibility for a course that leads to inflation by placing the blame on Congress, the American people know what has contributed to the inflationary trend.

Several of the contributing factors enumerated by the Belleville, Kans., Telescope are:

"The New Deal, which has been none too thrifty or zealous about saving the taxpayer's money, started inflation when it permitted contractors to bid up prices on Government contracts and approved the 'cost-plus' policy.

"The New Deal encouraged inflation when it encouraged a 40-hour week and time and one-half for overtime when there was a shortage of manpower in the country.

"The New Deal encouraged inflation when it drew Government workers from the farms, factories and private industries and paid them exorbitant wages, while it denied this same right and privilege to private industry.

"The New Deal encouraged inflation when it permitted the willful and deliberate waste of lumber, steel and other critical materials in war contracts and used public funds to replace this profligate waste.

"The New Deal encouraged inflation when it employed at high wages 3,000,000 Government clerks, stenographers, auditors, inspectors, lawyers, publicity directors, public relations officials, so-called efficiency experts and technicians to write complicated Government regulations, formulas, questionnaires and letters to further confuse and perplex the tired, over-worked taxpayer on the home front who is working 50 or more hours a week (without overtime) struggling to keep his business from bankruptcy.

"So it comes with poor grace for the President or anyone else to charge Congress—the only remaining link between the people and their Government—with being responsible for inflation. Every American citizen should search for the truth in this critical hour—because 'the truth will make them free.'

The NEWS OBSERVES

Arlington's War Information center has been called upon to answer many questions since the outbreak of war, but the \$64 question finally popped up this week—and the AWI found the answer.

A Naval gunner who happened to be in Boston on Monday, decided he'd look up an Arlington girl whom he had met at his home in Jersey City, N. J., about six years ago. He had no idea of the girl's address and did not remember her first name. With what little information the young man had, Mrs. Russell T. Hamlet, chairman of the War Information center, went to work running down clues. She sought assistance from the school and the police departments, obtaining a list of families bearing the girl's last name. Through a process of elimination, the girl was finally found by late afternoon. She and her family were delighted that the young man had been able to find them.

And, because of her patience, Mrs. Hamlet has been nominated by her friends as a likely candidate for Arlington's No. 1 Woman Detective. Next question, please? Incidentally, the War Information center, which does its level best to answer any questions relating to the war effort on the home front, may be reached by calling ARL 3220. And, don't ask them where the United Nations will invade next.

Mrs. Rose E. Forest of Lewis ave., has been awarded the Purple Heart for her son, Tech. Sgt. Robert Forest who was killed in action during a bomber raid on Kiel, Germany. This is in addition to the award of the Air Medal, made to Mrs. Forest at a public ceremony a few weeks ago.

At a meeting of the board of directors of the Arlington Lions Club this week it was voted to discontinue the sports dances, owing to conditions beyond their control.

Lion Alderson, chairman of the program committee, announced that the speaker for the next meeting, which will be held Feb. 7, will be Lt. Foster of the Australian Navy. Lt. Foster is noted for his excellent presentation of his experiences in connection with two years of active service in the Australian Navy.

CHAPLAIN WILL RETURN AS MEN'S CLASS SPEAKER

Chaplain George Wesley Turner, who addressed the members of the Adelphi Bible Class, at Trinity Baptist Church on Jan. 16, has accepted an invitation to return as guest speaker for next Sunday's meeting. Chaplain Turner's home is in Lubbock, Texas. He is attending the Harvard School for Chaplains of the U. S. Army.

—Rev. John Nicol Mark was the guest speaker at the Everett Rotary Club yesterday.

Arlington Company STATE GUARD NOTES

Need for New Recruits

Owing to the fact that great numbers of State Guardsmen have recently been inducted into the Federal Armed forces, home defense units have been thinned down considerably. In this connection Brig. Gen. William J. Keville, the Adjutant General of the Commonwealth, said recently:

"By maintaining our State Guard at full strength and effectiveness we have the opportunity to release more Federal forces for the active battlefronts. In addition, though the possibility of enemy raids in this section has lessened, we have an added responsibility to be on guard against the still-present danger. We must be alert and prepared for Axis-inspired civil disturbances in other cities stand as a perpetual warning to the people of Massachusetts that we cannot afford to relax, especially at a time when the home front is subjected to the nerve strains of war. The best assurance that it can't happen here is preparedness."

"More men, especially between the ages of 38 and 50, are needed by the State Guard to fill the ranks thinned by the present heavy drafting of fathers. In addition, Mrs. E. Bertram Dallin Tuesday afternoon, Mrs. J. Howard Hayes read a paper on the Slavic contribution to the Melting Pot of American Life and Mrs. Verne Q. Powell gave a talk on the Indo-European and Western Asiatic. Mrs. F. Alfred Patterson assisted Mrs. Dallin as hostess."

A Regimental Officer's meeting took place at the Charlestown Armory last Thursday evening. Among those present were Capt. Frederick L. Reynolds, 1st Lt. George H. Birtwell and 2nd Lt. Laurence P. Arthur. The meeting was in charge of Col. Edward J. Connolly, Regimental Commander. The necessity for recruiting all companies to full strength was stressed by Col. Connolly.

A meeting of the Non-Commissioned Officers School of the whole Regiment was held the same night. Capt. Harold B. Lawler, Regimental Adjutant was in charge. It has been noticeable of late that many of the men of the town have been present on Wednesday evenings at Junior High East to watch the company go through its drill and instruction program. Residents of Arlington are welcome at these weekly drills.

Lieut. H. A. Dellicker of the Winchester company is new range officer in Arlington.

Latest Hollywood Films For Service People Overseas

Service men from Arlington quartered in combat areas overseas have thus far been entertained by 9507 Hollywood film programs serviced through the Army's Special Services Division, a year's end report from the film industry's War Activities Committee revealed today.

These films are given to the War Department by the motion picture industry in programs averaging 100 minutes, Howard Parker, local War Activities Committee chairman stated. The film shows are seen without charge by Army, Navy, and Marine Corps personnel as well as by all other persons in uniform serving overseas.

The contents of all programs are selected by the War Department from the industry's entire output of current pictures and are then transposed by the Hollywood studios into 16 millimeter (somewhat smaller than is seen at your neighborhood theatre) for military use.

Scout Notes

The regular monthly meeting of Cub Pack 86 was held Friday evening at the Peirce School with some 125 boys, parents and friends of the pack in attendance.

The boys marched into the auditorium to the strains of "All Hail to Eighty-Six," the official pack song, played by the Webelo Band. Cub Richard O'Brien of Den 10 led the Salute to the Flag. Assistant Cubmaster Harold J. O'Brien then introduced Billy Mills, former Holy Cross baseball captain, who was recently signed to play with the Philadelphia Athletics for the coming season. Mills gave the boys a talk on baseball.

Cubmaster Edward E. W. Okerlund awarded achievement badges to the following boys: Wolf, Norman Carlson; Wolf and Gold Arrow, Vincent Bates, G. Wayne MacLeod, Robert Caslou, Charles Breen; Wolf Gold Arrow, Charles R. Francis, Robert DeMello; Bear, Richard Carlson, Stanton Waite; Bear and Gold Arrow, William Dickson; Lion and Gold Arrow, Manuel DeMello; Lion, Ronald Wilson; Webelo, Vaughn Kasabian. The Pack 86 Glee Club, comprising 25 boys, under direction of Mrs. Charles Frederick, den mother of Den 6, sang a number of selections.

In an impressive candlelight ceremony five former Cubs were

inducted into Troop 86, having passed their Tenderfoot requirements. As each boy repeated one of the 12 Scout laws he lit a candle. At the conclusion he was presented with his Tenderfoot badge and formally welcomed into the troop by Scoutmaster Paul E. Wilson. The boys were Ronald Wilson, Leslie Frederick, John Hogan, Edward Hanlon and Robert MacIntosh.

Then followed a number of selections by the Webelo Band, including a guitar specialty by Cub Alan Cotton.

Magician Walter Taylor of Cypress rd., then mystified the boys with a variety of card, rope and escape tricks, while his assistant, Leo Austin, sang a variety of novelty songs. The two made a big hit.

Troop 41

Thirteen Scouts and three adult leaders of Troop 41 enjoyed a trip to the Sportsmen's Show in Boston last week.

WE BOUGHT EXTRA WAR BONDS

Display your colors

Every patriotic home in America will want to display this emblem. Paste it on your front door or on a window to show that you have done your part in the 4th War Loan.

Display your colors

THIS emblem is a symbol of your patriotism. It tells the world that you have done your full share in the 4th War Loan. Every true American will be proud to display it at home.

Our valiant fighting men . . . soldiers, sailors and marines . . . on every far-flung battlefield are on the attack . . . forging ahead steadily, relentlessly. Nothing on earth can stop them . . . IF WE BACK THEM UP!

That's the purpose of this 4th War Loan Drive.

To earn the right to display the 4th War Loan Emblem you must invest in at least one EXTRA hundred dollar Bond. Investment must be over and above your regular War Bond subscription. But don't stop with one! Invest in all the extra

Bonds you think you can afford . . . then invest in some more!

Every dollar you put into War Bonds helps to win the war . . . and insures your financial security.

Here, too, is a chance to help your company meet its quota in this 4th War Loan.

Maybe this will mean sacrifice on your part. Maybe it will mean doing without something you want. But don't forget . . . while you are only lending a few spare dollars . . . thousands of our gallant fighting men are giving their lives for you! Show that you're backing them up 100%. Invest in extra War Bonds to the limit of your ability. And display the 4th War Loan Emblem at home!

Build Your Future With The World's Safest Investment

¶ All over the country men and women look to the future with confidence. They are the ones who have put part of their extra wartime earnings into the world's safest investment—U. S. Government War Bonds. Yes, they are helping their country in its grimmest struggle. But they are

helping themselves, too! They are helping to secure their future, to weather any troubled days that may lie ahead.

What about you? Are you letting the dollars slip through your fingers—dollars that should be put safely away in War Bonds?

There are War Bonds to fit your

needs. ¶ Bonds that are backed up by the strongest "company" in the world. Build that home you have always dreamed about. Send your child to college. Buy the wonderful things that are coming after the war. YOU CAN DO IT WITH YOUR WAR BOND SAVINGS.

Present at Tuesday's sendoff to extend the greetings and best wishes of the Town, Selectman William C. Adams said, "At no time in this war has the status of our country been better than it is right now. However, it would be wise for us not to be too optimistic and become complacent. There's still a hard job ahead."

Rev. Joseph Donelan, who spoke for the Arlington clergy, told the selectees that adjustment is very essential. "If we can adjust our

circumstances that we can profit by them it is worthwhile.

"Make friends of your chaplain; realize that he is best friend that you have."

In conclusion he said, "Unto thyself be true, and then it must follow as the night the day thou canst not then be false to any man."

Rev. John Nicol Mark of the Unitarian church said, "As a former chaplain in the last war, let me say that before you go to your army chaplain for financial assistance, be sure you have a good reason for it."

"It is a coincidence that you are leaving for the armed forces on Bobby Burns' birthday anniversary. Burns was a man of great patriotic zeal. 'Let us do or die' is the spirit of the American people today. We are fighting for a decent world. As you enter the service, resolve to keep on the straight path and you will be better men."

The speakers were introduced by Atty. Albert W. Wunderly, chairman of Draft Board 5. Others present included Rev. Nathan Wood, Rev. Warren N. Bixby, Clarence Marsh of the V. F. W., Commander Charles Berg of the American Legion, William A. Forbes, secretary of the draft board and representatives of the Arlington Woman's Club and Arlington chapter No. 1 of the Salvation Army who served coffee and doughnuts, and presented each man a box of candy. Cigarettes were distributed by the veterans' organizations.

Wednesday's Sendoff

Harold M. Estabrook, chairman of the board of selectmen, extended the greetings of the Town at Wednesday's sendoff and wished the selectees Godspeed.

Rev. Laurence L. Barber, in extending the best wishes of the Arlington churches and the united religious forces of the community reminded the men that they were part of the 4,000 or more Arlington men already in the service. He said, "Arlington sends you forth with a great background of inspiration. Here is the Jason Russell House, and the spot where the men of Menotomy fell on all halloved grounds. If the past could speak it would say, 'go forth with faith and courage from this historic spot.' We know that you are taking our places out there. Be good soldiers, eager, obedient and willing and you will measure up to the great traditions you have inherited."

Rev. William Linehan told the gathering, "This is another occasion which proves the strength and vigor of the American heart. You are going forth with a wealth of honor and glory behind you and great opportunities ahead. It is as much a privilege to serve one's country as it is to serve God."

Rev. Fr. Linehan urged the men to assume a common sense attitude and stressed the importance of the marriage contract, pointing out that this was a relationship with God. "Our prayers and good wishes go with you," he concluded.

Other clergymen present were Rev. Robert Hatch, Rev. Mr. Bixby and Rev. Mr. Wood. Arthur O. Yeames, chairman of Board 4, introduced the speaker. Also present were Arthur F. McGarry, clerk of the board; representatives of the Legion, V. F. W., Woman's Club and the Salvation Army, who distributed candy and cigarettes to the men and served them refreshments.

DR. SWARTZ TO WED

Marriage intentions were filed this week by Dr. Morton Swartz, son of Mr. and Mrs. Nathan Swartz of 4 Parkersburg st., and Miss Irene Siegal, daughter of Mr. and Mrs. Louis Siegal of 250 Seaver st., Roxbury. Their marriage will take place Feb. 6 at the Seaver St. Temple.

One of the precincts now fully organized is precinct 12 of which Joseph Peterson is chairman. His captains are Mrs. Bianca S. Patton, 21 Oakland ave.; Albert S. Brown, 26 Higgins st.; J. Wilbert Anderson, 28 Buena Vista road; Herbert J. Cronin, 51 Kenilworth road; Raymond Morrill, 48 Kenilworth road; and Joseph H. Gaudet, 5 Paul Revere road.

Arlington school children, who have played an enthusiastic role in this War Loan drive, purchased a grand total of \$10,840.27 in War Bonds and Stamps during the first week of the drive, figures given out at the office of Superintendent Clifford R. Hall, show. Based on the number of pupils enrolled in each school, the Parmenter school, where pupils in Miss Evans' sixth

grade bought more than \$1,000 worth of Bonds and Miss Barrett's fifth grade purchased more than \$900 worth in all other schools of the town during the first week of the drive. The Russell school took second honors on the per-pupil basis.

Not only are pupils asking their parents to invest in War Bonds, but many are calling upon families in their neighborhood asking them to buy their bonds through the schools.

Sold \$2,400 Worth

Typical of the insurance company employees who are doing their part in selling bonds locally is Everett H. Mains of 389 Massachusetts ave., an employee of the Phoenix Mutual Life Insurance Company who has already reported the sale of more than \$2,400 in War Bonds. Not only is he active in the local campaign but he is encouraging War Bond purchasers to have their bonds issued by a local bank so that Arlington will get the credit for the sale. Arthur J. Mansfield and Harrie H. Dadmun, co-chairmen of the local War Finance Committee have stressed repeatedly the importance of having War Bonds issued by a local bank as far as possible, so that Arlington may be given the credit and thereby reach its quota that much sooner.

Highlighting this week's activities was the presentation of a floral tribute on the stage of the RKO Theatre in Boston, to Mrs. Arthur J. Mansfield, chairman of the local women's division. Mrs. Mansfield was cited by the State Chairman of the women's division for outstanding service. This was the second award of its kind made to a Massachusetts woman.

Another important meeting of the Arlington War Finance

Committee and the canvassing committee will be held this afternoon at 5 o'clock at the Arlington Five Cents Savings Bank.

Meanwhile, anyone wishing assignment to his or her own precinct as a worker is urged to call at the local headquarters in the NEWS office.

State's Showing

State-wide figures of Fourth War Loan bond sales to individuals for the first five days of the drive show aggregate of \$33,400,000. This is almost 13 per cent of the \$258,000,000 Massachusetts quota for purchases by the general public. War Finance Committee officials point out that the buying pace for citizens must be stepped up to \$10,000,000 daily to reach the state's goal by the close of the campaign.

Reports of initial sales are bound to be slow, due to the widely scattered 220 issuing agencies and the necessity of processing the sales to individuals through the federal reserve bank. As additional agencies make their returns, the daily pace should speed up to the \$10,000,000 daily purchasing objective.

Only these sales to individuals will be reported up to Feb. 1. With this regulation, the Treasury hopes to emphasize the importance of individual buying in the over-all Massachusetts quota of \$794,000,000.

Hard Work Needed

In announcing that total individual sales had reached 15 per cent of the State's quota for individuals, Mr. Denio stated: "This is a good start, but the big end of the job lies before us. To raise our individual quota will require energy, enthusiasm, and a lot of hard work from all of our thousands of volunteers in personally contacting every individual in every community. If we do this individual job, I'm sure the financial institutions, business firms, and other buyers will back us up with the rest of the money."

War bond sales at the special booth in Woolworth's, Arlington Center for the past week totalled: \$925 in bonds, and \$357.80 in war stamps, making a grand total of \$1,282.80.

In charge of the booth next week will be Monday, Arlington Heights Study Club, Mrs. Franklin Gruber.

Tuesday, Town Hall Canteen Group, Mrs. Elliot Barker.

Wednesday, Symmes Hospital Aid, Mrs. Albert Cutter.

Thursday, Arlington Emblem Club, Mrs. P. J. O'Brien.

Friday, Women Wardens, Mrs. Frank P. Sweet.

Saturday, Junior Women's Club, Miss Flora Haley.

300 HEAR GIL DODDS

About 300 men and boys turned out Sunday noon to greet "Gil" Dodds, America's number 1 track star and divinity student at Gordon College of Theology, who was guest speaker at the weekly meeting of the First Baptist Men's Class.

Introduced by Rev. Nathan W. Wood, Dodds, who had broken the record in a Boston YMCA race the night before, said, "I am not so much interested in breaking records as I am in having my name written in Lamb's Book of Life. We are all runners in the race of Life and for that race we have to train just as seriously as though we were training for basketball, football or any other sport. Dodds, who said his track career started at the age of 12, brought out that an inferiority complex hurts an athlete. As a Christian, he said he believed it had paid him dividends to put God first in his athletics. He has refused to run in many big races on Sundays, he added.

Speaking of the training required for track work, he said an athlete must get rid of excess weight in track, and that he does not eat the pastry which he would enjoy. Smoking is bad for an athlete, he said, adding that the greatest athletes also do not drink. Quoting the noted Swedish runner, Gunter Heagg, "Gil" said, "An athlete who drinks cannot be a success."

He added, "All great athletes have high and noble thoughts. I believe the best way to run the race of Life is to take God as my guide. It is much easier to be an athlete and be a Christian than to be without Christ. Defeats made me realize more than ever my dependence upon Christ."

Dodds exhibited a five ounce shoe given him by Heagg, the mate of which was presented by Heagg to Gregory Rice, another outstanding runner.

President Wallace Gorton of the class presented the speaker with a picture made by Warren Patinkin, of oil coming into the lead in Saturday night's race.

Next Sunday Rev. Mr. Wood will continue his talk on "Paul's Return to Jerusalem." Clarence R. Stewart will lead the devotions.

Platoon Five Leads Bowlers

With the 12th match scheduled for next Thursday evening at the Bowladrome, Platoon 5 is leading other teams in the auxiliary police bowling league. Platoon 2 is second and 4 is in third position.

Walter Collinge holds the record for the high single string with a score of 142 while Robert Tedford tops the other bowlers for the high individual three strings, his score being 350.

For high single string average, Collinge, Tedford and Fred Krepelka hold the first three places.

Boys' Club

(Continued from Page One)

Moore. He concluded with an appeal for the support of the Fourth War Loan drive.

Director Moore extended thanks to all those who in any way helped make possible the progress enjoyed by the Boys' Club.

Bill Cunningham, in his talk, told how boys' club training and athletics have contributed to the strength of this nation's armed forces. "I think this is one of the finest projects you could support," he added. He made a plea for tolerance to hasten victory and maintain peace in the post-war world. Lack of suspicion towards others who are helping us win the war, and teamwork are vital in the present struggle, he stated. "You are doing an intelligent service in providing this clubhouse. You owe it to the boys now in the service; give it everything you've got. I also urge the young men to use this place." Mr. Cunningham concluded.

Speaking on the juvenile delinquency problem, Mr. Gilmore said that youth must be given more and more opportunity for mental and physical development. "We must make for a feeling of security, a feeling that we have a place of usefulness, and a place in the world. This Boys' Club is a typical example of an agency which provides proper environment for boys' free time after school," he said.

Mr. Gilmore advocated that still more boys be encouraged to use the club; that more activities be included in its program; that increased guidance be provided; and that there be increased interest on the part of the public.

Rev. Matthew J. Flaherty, Ph.D., and Rev. John Nicol Mark, A.M., gave the invocation and benediction respectively. Miss Ruth Olive was soloist.

On the reception committee were Roscoe O. Elliott, A. Henry Ottoson, Harold A. Cahalin, Martin R. Durkin and Russell P. Wise.
